# In the footsteps of a pioneer...

Padma Shri Dr. Suniti Solomon is a pioneer and leader in the field of HIV disease. In 1986, Dr. Suniti Solomon documented the first cases of HIV infection in India. As part of that effort, she founded the Y.R. Gaitonde Centre for AIDS Research and Education (YRCARE). She was posthumously conferred the Padma Shri, India's fourth highest civilian award on Republic Day 2017 in recognition of her pioneering work in the field of HIV disease and her yeoman service to HIV-positive people, their families, their communities, and the country.

## Events

**Raging Pandemic.**

### Humane Response. (COVID 19)

In the past few weeks, India's COVID-19 crisis has taken a dramatic turn. India has reported record number of cases since the beginning of the pandemic. Deaths are on the rise. Since the beginning of the COVID pandemic, YRCARE has utilised its skills and knowledge of almost 3 decades within the clinic, lab and community to meet with the increasing needs of a new pandemic - testing and clinical care, PPE and other protective provisions, awareness and preventive measures to reduce the impact on households and communities, food deliveries, nutritional hampers, etc.

During this hour, we should make sense of the current situation and uncover the actions that we can take to slow the spread and expedite services.

We require your support to help us meet with these and more emerging needs.

To Donate, [please click here](#)

[Read more >](#)**Hepatitis C**

### Hepatitis C Free Chennai 2022

Globally, it is estimated that there are approximately 135 million people living with chronic hepatitis C virus (HCV) - every year nearly 500,000 people die from HCV- related complications.

HIV as a cause of death in many countries including the United States where in 2014, HCV caused more deaths than HIV, Hepatitis B and tuberculosis combined.

In Chennai, the general population prevalence of HCV is estimated to be approximately 1%; With a population of nearly 8 million persons, this translates to nearly 80,000 persons living with HCV in Chennai.

We launched the Hepatitis C Free Chennai Campaign on July 28, 2016. The campaign includes a comprehensive strategy to improve awareness of hepatitis C across all communities in Chennai, reduce stigma associated with diagnosis, universal screening with access to confidential testing for all, prompt linkage to HCV care and curative treatment alongside counseling to reduce the risk of reinfection in high risk populations.

[Read more >](#)**SS Education Fund**

### Assisting next-gen women medical warriors

The Suniti Solomon Educational Fund's mission is to identify talented young women who have the scholastic credentials and show professional promise, but lack the money that is required for a medical education.

Every year approximately around the month of June, we will provide the necessary funds to the candidates who have been selected to enable their education for that academic year. Thereafter, donations received by us will accumulate in the separate account that we have set up for this specific purpose until next June, when the funds would again be applied towards the medical students for the next academic year.

## Happy Customers

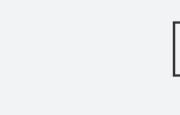

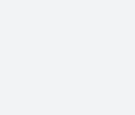

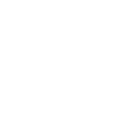

Our clients love us and we're sure you'll too!

Not many organisations in the service industry display the responsiveness and follow through that Clasticon does. This is particularly critical in the web design business as clients know what they want but not how to deliver it, which is why they look to experts.

Clasticon helped MFI build its sites, in English and Tamil, in a matter of weeks. They are also helping us with search optimisation. I have never known the team to say No to any request. What is more, whatever is promised is delivered well, and on time.

- Suguna Swamy  
Consultant for Corporate Relations and Rural Entrepreneur Support, MFI

## ABOUT FASTA PIZZA

Fasta Pizza is 100% vegetarian and made from hygienic, HACCP certified kitchens. Fasta Pizza will always work towards offering vegetarian, healthy, delicious, wholesome and nutritious pizzas at a very affordable price.

Beyond regular refined wheat flour, we also make pizzas with multigrain sour dough where we use whole / broken minor millets up to 40% of the dry ingredients' quantity. Fasta Pizza also makes available high fibre sour dough pizzas where we add additional wheat and other plant fibres to enhance fibre content in your pizzas.

Fasta pizza's innovation for you keeps going and we even have a Keto pizza which is also 100% gluten free.

### Major benefits of Wedge shaped pizzas:

- A wedge for every choice.
- Healthier ingredients.
- Awesome toppings.

• More cheese than regular pizzas...

• Delectable sauces with every wedge.

• Uniquely packed and delivered.

• Purely personalised.

### TESTIMONIALS

Yummy.... Did not fight with my brother for wedges for the first time ever. Each one with his own wedge. Different flavours to suit every taste.
